TIPS FOR THE MOTHERS

Dear Mother,

- « Bed time stories are the best way to develop imagination skills & spend precious quality time with your children. Narrate short stories with morals for them.
- « Drill them the proper way of brushing teeth twice a day, washing hands properly.
- « Having meal together with all family members develops social skills & good manners among children.
- « Take help in small work like-filling water bottles, arranging plates on dining table, sorting vegetables etc. This will develop their confidence and make them responsible for their task.
- « Let us hold their tiny fingers & move ahead few more steps in their world.

Happy Parenting !!
