Dear All,

Transportation is an essential aspect of our daily lives, allowing us to travel from one place to another efficiently. Travelling around the world is quite a twilling experience and there are lots of unique and unusual modes of transport around the world. Let's explore.

- 1) *Hovercrafts can travel over land, mud, ice and water.*
- 2) *The Concorde was the fastest plane in the world.*
- 3) *The London underground is the oldest underground railway system in the world.*
- 4) *Maglev – It is world's fastest train from Shanghai (China) which can travel 30.5km in 7 to 8 minutes without making any sound while travelling.*
- 5) *Suspension Monorail of Germany is the oldest electric elevated hanging railway.*
- 6) *Coco Taxi – Havana (Cuba), looks like hollow coconut rolling on roads. They move fast and are less expensive than regular taxi.*
- 7) *The Bamboo trains in Cambodia is a kind of train built with Bamboo and it rolls on the railway track.*
